

SATHURYAN EZHILARASI

Software Engineer

Profile

Frontend Developer with hands-on experience in building responsive and user-friendly web applications using React.js, Next.js, TypeScript, JavaScript, Tailwind CSS, and Material UI. Experienced in API integration and developing modern UI components. Also have basic hands-on experience with Node.js, Laravel and MySQL. Passionate about creating clean, efficient, and user-friendly web applications.

Experience(Industrial)

**December
2024 - June
2025**

Binary Software Solution Pvt Ltd React websites

- During my time at Binary Software Solutions, I worked on several small-scale web projects using React.js, where I was responsible for developing clean and responsive user interfaces. I ensured mobile compatibility across devices and implemented modern UI designs using CSS and Material UI (MUI) to deliver a consistent and user-friendly experience.

Erp system subash bakery(Srilanka)

- Played a key role in designing and developing the frontend of Subash Bakery's ERP system, ensuring an intuitive user interface and seamless user experience across modules.

**June 2025 -
Aug 2026**

Jyothis-ICT-Zone (PVT) LTD

Erp system Mr.Baker (Germany)

- Developed and integrated ERP front-end solutions tailored for bakery operations, focusing on sales processing, inventory tracking, and customer engagement to improve day-to-day efficiency.

Erp system Pizza Casa (Germany)

- Designed ERP front-end modules to manage restaurant workflows, including order processing, kitchen coordination, and delivery integration, ensuring smooth customer service.

Erp system Kayser Catering (Germany)

- Implemented ERP front-end systems to support school catering services, focusing on meal planning, daily order management, and delivery coordination to ensure reliable and efficient food supply.

Erp system Whole Sales (Germany)

- Developed and integrated ERP front-end modules for wholesale operations, covering bulk order management, stock tracking, invoicing, and supplier coordination to streamline business processes.
